

Striving for Excellence

High Quality — A Reputation for Excellence

We bring to our clients expertise and experience in audit and review services, tax planning and tax compliance services, estate planning, forensic accounting services, and general business advisory and consulting services covering a broad range of industries.

- We have successfully developed staff expertise and continually strive to remain abreast of technical changes within our profession as they develop.
- Leshkowitz & Company, LLP has gained a reputation as a high quality firm that further enhances its reputation with each new client relationship.
- We are committed to maintaining the highest professional standards. As part of that commitment, the firm participates in the AICPA Peer Review Program. The AICPA Peer Review program requires an independent evaluation of the firm's accounting and auditing practice to ensure the public trust and is designed to provide reasonable assurance that our firm complies with applicable professional performance and reporting standards.

Professional & Personal Development

Employees — A Valuable Investment

Our staff works as a cohesive, professional and friendly group. The environment is one where the senior staff members are supportive and mentor younger staff, resulting in a nurturing and professional environment. Client responsibility is earned and delegated to staff members as they demonstrate their ability. Staff reports directly to partners and works with supervisors/managers on larger engagements.

Leshkowitz & Company, LLP invests in its employees and provides the latest technology, as well as on the job training and continuing professional education. We are approved by the New York State Education Department and the State of New Jersey to administer our own in-house continuing professional education program. We also make use of the State Society and other off-site CPE programs. We encourage our staff to participate and lecture in-house as well as to participate in various community groups and activities.

Employment Opportunities

Accounting — A Career

We are looking for professionals in audit, accounting, and tax. We are considering candidates at the entry level, as well as candidates with two to seven years experience. Candidates should have strong accounting, computer and communication skills.

Responsibilities include:

- All aspects of audit/review engagements.
- Special engagements including financial projections, acquisition/due diligence and forensic engagements.
- Corporate and personal tax planning, preparation of corporate tax returns and individual tax returns for the principals of our clients.

We welcome inquiries regarding our internship program for accounting majors in their junior or senior year.

We offer competitive salaries and an excellent fringe benefits package.

We invite you to forward your resume for our consideration.
